Parishioners/Families

Throughout the archdiocese, parish data systems and improving the way parish records have been managed are changing. These updates are being made in order to help keep giving information accurate, support better stewardship of parish resources, and serve parishioners more effectively. One visible change will be new envelope numbers.

Envelope numbers assigned by each parish have been the identification number for registered parishioners or families at that specific parish. Many of our parishioners have had the same number for forty or fifty years, but that number is now changing on an archdiocesan wide level. Change is difficult, but know that this change does not affect your membership at St. Vincent Ferrer Parish, your giving history, or our gratitude for your faithful support.

Please continue using the envelopes you receive. When you receive your next batch of envelopes, your envelope number should be different. This is the only change you should see, and no action is needed from you at this time. Online givers will receive envelopes for the Jan/Feb mailing only. Please take note of your new envelope number.

Thank you for your patience and understanding as we make these updates. We are grateful for your generosity and for the many ways you support the mission and ministries of St. Vincent Ferrer Parish.
